WELDING EQUIPMENTS NEW PRODUCT DEVELOPMENTS

1) CHAMPTIG 300AD

It is Inverter based heavy duty AC/DC TIG Welding outfit, suitable for Heavy duty shop floor and project application for Aluminium, Stainless steel and Mild steel work. Apart from Pulse TIG feature, following are the **salient features** of this machine:

- Due to AC TIG function, it is suitable for Aluminium welding.
- Digital control panel with LCD display for setting the parameters.
- Ideal constant current drooping characteristics.
- Pulse frequency can be set upto maximum 500Hz, which enables to control Arc heat for thin sheet welding.
- Welder friendly Remote controller for easy and convenient setting of current from the workplace or the job.
- Gas Preflow / postflow facility.
- Current upslope / downslope facility in TIG mode.
- HF ON/OFF selection to prevent high frequency interference.
- Auto HF cut-off if Arc does not strike within 4 seconds.
- Gas flow through solenoid valve for economical consumption of costly Argon Gas.
- Gas cooled / Water cooled Torch Selection facility.

It has following protections with auto reset capability:

- Over Temperature
- Protection against Single phasing
- Input Supply Voltage protections for over and under voltage.

2) CHAMPTIG 220

It is single phase (240Vac) inverter based light duty compact DC TIG welding outfit, suitable for light duty & precision shop-floor and maintenance work. Apart from built in HF ignition feature, following are the **salient features** of this machine.

- Light weight (Only 9 Kg), Compact size
- Digital Display for set and actual welding current
- Micro controller based controlling enables precise time cycles in TIG process.
- Gas Preflow / postflow facility.
- Current upslope / downslope facility in TIG mode.
- HF ON/OFF selection to prevent high frequency interference.
- Auto HF cut-off if Arc does not strike within 4 seconds.
- Gas flow through solenoid valve for economical consumption of costly Argon Gas.
- Protection against over voltage in such a way that even for input supply of 415Vac, machine does not damage.
- Apart from TIG function, it can also support for MMA process upto 200A welding current.

3) **CHAMPTIG 220P**

It is single phase (240Vac) inverter based light duty compact DC PULSE TIG welding outfit, suitable for light duty and precision shop-floor and maintenance work where precise heat control is essential. Apart from Pulse current feature, following are the **salient features** of this machine.

- Light weight (Only 9 Kg), Compact size
- Digital control panel with Display for setting the TIG parameters and for actual welding current
- Pulse current frequency upto 200Hz, which enables to weld thin metal upto 0.25 mm thickness.
- Micro controller based controlling enables precise time cycles in TIG process.
- Gas Preflow / postflow facility.
- Current upslope / downslope facility in TIG mode.
- HF ON/OFF selection to prevent high frequency interference.
- Auto HF cut-off if Arc does not strike within 4 seconds.
- Gas flow through solenoid valve for economical consumption of costly Argon Gas.
- Protection against over voltage in such a way that even for input supply of 415Vac, the machine does not get damaged.
- Apart from TIG function, it can also support MMA process upto 200A welding current.

4) **MAESTRO 1200 (I)**

This is the new world class indigenous high efficient and high power factor IGBT based inverter SAW outfit, suitable for heavy duty continuous high deposition Submerged Arc Welding (SAW) applications at heavy structural workshops like Ship building, Gas Cylinder, big diameter Pipe welding applications. Power source of this outfit is also suitable for Gauging application.

The complete system consists of power source, Welding head and interconnecting cables. This outfit has various options of welding heads for mounting it for automation or column and booms or for standalone tractors.

This **power source** has the following **salient features** if it is used for SMAW or Gauging applications:

- Long distance welding and gouging capability.
- Optional remote controller interface is available for current adjustment.
- Suitable for normal Electrode Welding as well as gouging at high currents

Submerged Arc Welding outfits has following **features** :

- Digital Panel along with LCD display for adjusting the welding parameters on welding head.
- Submerged Arc Welding can be done in Constant Current or Constant Voltage modes.
- Innovative Adaptive control in wire speed control eliminates wire sticking in weld pool at the end of welding.
- It has digital interface capability, hence it can be interfaced in automation with PLC controllers.
- Optional remote controller Pendant is available for setting the parameters from remote location.

5) WELD TRACKER - Wireless Weld Monitoring System

It is web based wireless weld process monitoring system, specially designed and developed for acquisition & analysis of real time weld parameters. The real time collection and display of the welding data is accomplished by using the proprietary high-speed serial communication protocol with front end software. The user can view and analyze the stored welding data.

Following are the **special features** of this system:

- It gives Accurate Process Information by collecting real time welding process parameters like Arc-voltage/ Arc-current / Arc-ON time.
- It provides Welding Process Control by preventing the ability of unauthorized / incorrect changes to the welding setting.
- Weld Defect Traceability is possible by accurate records like when & where the defect occurred.
- Unique ID for machines for communication.
- Easy to install & easy to operate.
- USB Interface mode.
- Minimum Sampling rate is 150 msec per machine. If system consists of N number of machines, then minimum sampling rate = $N \times 150$ msec.
- User friendly Graphical User Interface (GUI) with status indications.

Following are some of the **applications**, where this system can be used:

- Multiuser, server based data acquisition.
- Real time welding data report for Quality control.
- Productivity analysis report.
- Weld tracking as per WPS.
- Status of welding power source to Maintenance dept.

6) SILENT CHALLENGER 401

This is a new generation Diesel Engine Driven Silent Welding Set, which is conforming to latest CPCB II Norms for noise & exhaust emission levels. It is suitable for Versatile applications, including cross country, in-plant pipe and tube welding.

Apart from silent feature following are **main features** of this welding set :

- Conforming to latest CPCB norms for noise & exhaust emission levels.
- Versatile applications, including cross country, inplant pipe and tube welding.
- Ideal for heavy fabrication & site applications.
- Highly reliable even in hostile site conditions.
- Big savings in fuel and longer runs before next refueling.
- Specially proven with Cellulosic (6010, 7010G & 8010G types) and other special types of electrodes.
- Excellent Pre and Post Sales Services.
- Super Silent Operations.
- Compact in size – Only 2 meters in length.
- Works on Three cylinder Diesel engine.

7) SILENT CHALLENGER MULTI 2 x 301

This is a new generation Two Operator Diesel Engine Driven Multi Process welding set, which is conforming to latest CPCB II Norms for noise and exhaust emission level. With this Engine driven welding set multi welding processes like SMAW, TIG and Self Shielded Flux cored welding can be done. Apart from multi process, this welding set provides simultaneous two welding outputs, on which two welding operators can work simultaneously.

Following are some of the **features** of this welding set:

- Conforming to latest CPCB norms for noise & exhaust emission levels
- Versatile applications, including cross country, inplant pipe and tube welding.
- Supports multi welding processes like: SMAW, TIG and Self Shielded Flux cored wire welding.
- Ideal for heavy fabrication, site applications and Cross country pipe line welding.
- Highly reliable even in hostile site conditions.
- Big savings in fuel and longer runs before next refueling.
- Specially proven with Cellulosic (6010, 7010G & 8010G types) and other special types of electrodes.
- Excellent Pre and Post Sales Services.
- Super Silent Operations.
- Compact in size – Only 2 meters in length.
- Works on Three cylinder Diesel engine.

8) ELECTRODE DRYING OVEN, MODEL: ADOR HANDY

This Portable Electrode Drying Oven, Model: ADOR HANDY is a light weight drying oven weighing only 3.8 Kgs. and its capacity is 5 Kgs of holding electrodes of both 300 mm & 450 mm length.

It is fitted with Thermostat to adjust temperature from 50-300 degree centigrades.

Technical Specifications:

- Input Supply: 230 V, 1 phase, 50 c/s.
- Wattage: 100 Watts
- Capacity: 5 Kgs. of Electrodes
- Temperature Range: 50-300 Degree Centigrades
- Input Supply Cable Length: 2 meters

**9) PORTABLE GAS CUTTING MACHINE MODEL: KING PANTHER-IM
(2 SEAT INJECTOR MIX TYPE)**

Features & Specifications:

- Unique design with louvers for ventilation, which reduces overheating of motor and electrical parts.
- Unbreakable, smooth and precise horizontal and vertical adjustment of torch.
- Bevel setting with locking facility ensures bevel accuracy during continuous cutting operation.
- Heat reflector with air gap, which protects the motor and other electrical parts from overheating.
- Non-metallic moulded lifting handle, hence machine can be lifted easily even when it is hot.
- Travels on standard 1.8 meter long extruded Aluminium rail track
- Versatile light weight and rugged machine designed for long, trouble free operation.

Technical Specifications:

- Cutting Capacity : Upto 75 mm thick plate
- Straight Cutting : In 1.8 meters length or its multiples by adding extra track.
- Circle Cutting (Optional) : From Ø150 mm to Ø1200 mm.
- Bevel Cutting : Up to 45°, 50 mm thick plate
- Cutting Speed : Min.: 0-200 mm/min.(approx) ; Max.: 800-1000 mm/min. (approx.)
- Horizontal Adjustment of Cutting Torch : 80 mm
- Vertical Adjustment of Cutting Torch : 60 mm
- Weight of the machine : 8 Kgs. (approx.)
- Power Supply : 220/250V, 1Ø, 50 Hz, or 220/250V DC

WELDING AUTOMATION PRODUCTS & SYSTEMS (WAPS) NEW PRODUCT DEVELOPMENTS

1) Special Purpose Machine

This is a **Special Purpose Machine** with provision of automatic loading and unloading of the component.

- **Sector** – Domestic LPG Cylinder
- **Application** – Upper Shell to Lower Shell welding of Domestic LPG cylinder
- **Advantages** –
 1. Higher productivity
 2. Good and consistent weld quality
 3. Auto Loading - unloading station
 4. Lesser man power
 5. On single machine minimum and maximum sizes of jobs can be welded

2) Spud Welder

This type of machine is called “**Spud Welder Machine**”, in which component is stationary and torch will be revolved around the component for circular welding.

- **Sector** – Automotive Industry / Domestic LPG Cylinder
- **Application** –
 - a. In Automotive Industry – for Fuel cap to tank welding of two wheeler (Fuel tank welding)
 - b. For Domestic LPG Cylinder – for Upper shell to Bung welding of Cylinder
- **Advantages** –
 1. Higher productivity
 2. Good and consistent weld quality
 3. Lesser man power
 4. On single machine minimum and maximum sizes of jobs can be welded

3) Weld Seamer

- **Sector** –
 - a. Automotive Industry
 - b. Dairy Mfg Equipment
 - c. Printing Roller
- **Application** – Longitudinal welding of Rolled Sheet
- **Advantages** –
 1. Higher productivity
 2. Good and consistent weld quality
 3. Lesser man power
 4. On single machine minimum and maximum sizes of Jobs can be welded

4) Movable Gantry for I Beam and Box Welding

This Machine was designed for Constructing World's Highest Rail Arch Bridge on Chenab River.

Advantages –

1. Fillet and Butt welding is possible on this machine
2. Different length and width of the job can be easily welded by this machine

5) Circular Welding - SAW System

Sector - Industrial Valve

Application – Valve Sector – Body to Flange Circular Welding with SAW Process

Advantages –

1. High Productivity
2. Multi passes welding is possible
3. Different sizes of the components can be welded on single set up of machine
4. Longitudinal and circular welding is possible on single set up of machine

PROJECT ENGINEERING BUSINESS NEW PRODUCT DEVELOPMENTS

1. Ador make Methanol-Water Distillation System

Operation Capacity: 20 USGPM

Specification : Biodiesel production is from chemical reactions transesterification and esterification, where the Methanol reacts with the fatty acids to form the mono-alkyl ester (biodiesel) and crude glycerol.

After the Bio-Diesel production process the Client is looking for recovery Methanol, having Flow rate of 20 USGPM solvent recovery, in which Wet methanol (max. 30% water) is separated from reactor and treated in distillation column, which operates at atmospheric pressure in which methanol (99.9%) is separated as top product and rest is separated from bottom.

Expertise of Ador Welding Limited

AWL offers complete EPC solution for Methanol-Water Distillation System to produce 99.9% pure methanol having flow capacity of 20 USGPM.

2. Ador make Biodiesel Distillation System

Operation Capacity: 80 USGPM

Specification : Biodiesel production is from chemical reactions transesterification and esterification. The Methanol reacts with the fatty acids to form the mono-alkyl ester (biodiesel) and crude glycerol but there will also be untreated Tri, Di and Mono-Glyceride present. To meet ASTM standards Bio-Diesel is separated from crude glycerol and untreated Tri, Di and Mono-Glyceride, in which Untreated Bio-Diesel containing 94% Methyl esters along with 6% glycerides feeds the biodiesel distillation column, which operates at around 2-4 torr vacuum pressure and 98 % Pure Biodiesel is removed from side and rest is separated from the bottom of the column.

Expertise of Ador Welding Limited

AWL offers complete EPC solution for Bio-Diesel Distillation System to produce 98 % Bio-Diesel to meet ASTM D 6751 std having flow capacity of 80 USGPM.

WELDING CONSUMABLES NEW PRODUCT DEVELOPMENTS

SMAW ELECTRODES

1) Cromoten-9L

AWS classification: AWS A/SFA 5.5 E8018-B8L

A Basic Type, heavy coated electrode developed to deposit low Carbon 9Cr type weld. It is resistant to corrosion and hydrogen attacks at high temperatures. The electrode is suitable for welding of 9% Cr type P5B materials in forging, pipes, tubes and casting form. It can also be used for welding of ferritic martensitic chrome steels. It finds application in power plants, oil refineries, chemical and petrochemical industries.

2) Castferrinickel

A special electrode developed for welding of nodular and malleable cast iron. It is a low heat input electrode, depositing Ni-Fe type weld metal. The weld metal deposited is tough and machinable with adequate strength and hardness. It can also be used for building up worn out cast iron parts, repairing of broken heavy castings and general welding of very heavy sections.

SAW WIRES

1) Automelt-EF3

AWS classification: AWS A/SFA 5.23 EF3

A low alloyed SAW wire to weld high strength low alloy or microalloyed structural steels, in combination with basic flux. It is alloyed with Ni & Mo to give high strength and good notch toughness. Best results are achieved when the wire is welded in combination with Automelt B20 Plus.

2) Automelt-EA4

AWS classification: AWS A/SFA 5.23 EA4

A low alloyed SAW wire to weld C-Mo steel base metals, such as ASTM A204 plate and ASTM A335-P1 pipe. It is a C-Mn wire alloyed with 0.5% Mo. This addition increases strength of the weld metal, especially at elevated temperatures and provides some increase in corrosion resistant. It can also be used for two run welding in pipes. Best results are achieved when the wire is welded in combination with Automelt B71.

3) Automelt-ENi3

AWS classification: AWS A/SFA 5.23 ENi3

A low alloyed SAW wire to produce weld deposit with increased strength without being hardenable or with increased notch toughness at temperatures as low as -100 F or lower. This is achieved by alloying with Nickel about 3.5%. Best results are achieved when the wire is welded in combination with Automelt B20 Plus.

4) Automelt-EB9

AWS classification: AWS A/SFA 5.23 EB91

A 9%Cr-1%Mo SAW wire modified with Niobium and Vanadium designed to provide improved creep strength and oxidation and corrosion resistance at elevated temperatures. Best results are achieved when the wire is welded in combination with Automelt B20 Plus & Automelt B25 Plus.

DIRECTORS' REPORT

To
The Members,

The Directors take pleasure in presenting the Sixty Second Annual Report of the Company and the Audited Statement of Accounts for the financial year ended 31st March, 2015.

2.0 DIVIDEND AND RESERVES

- 2.1 The Board of Directors is pleased to recommend a Dividend of 50% (i.e. @ Rs.5/- per Equity Share) for the financial year (FY) 2014-15, subject to the approval of the Members. Dividend for the previous FY 2013-14 was declared @ 50% (i.e. @ Rs.5/- per Equity Share).
- 2.2 The Dividend for FY 2014-15 shall be paid to those Shareholders and Beneficial Owners whose names appear in the Register of Members as on the date of the Book Closure for dividend payment.
- 2.3 The Board recommends transfer of Rs. 324 Lacs (Rs. 42 Lacs)* to the General Reserve, and the balance of Rs. 5,271 Lacs (Rs. 3,284 Lacs)* for retention in the Profit & Loss Account.

(*Figures in brackets indicate previous year).

3.0 OPERATIONS

In FY 2014-15, the total Sales and Other Income went up by 4.32%. The year ended with Sales and

Other Income of Rs. 38,953 Lacs (Rs. 37,341 Lacs)*.

The Company's Sales and Other Income during FY 2014-15 comprised of the following:

- 3.1 Welding Consumables at Rs. 27,181 Lacs (Rs. 27,532 Lacs)* - Due to severe competition witnessed in the Welding Industry over last year & core industrial sector showing degrowth, Domestic Sales of Consumables recorded a degrowth of over 1.27% compared to the previous year.
- 3.2 Equipment & Project Engineering at Rs.11,313 Lacs (Rs. 9,303 Lacs)* - The Welding Equipment & Project Engineering Business was higher by over 21% compared to the previous year, due to better performance of Project Engineering division.
- 3.3 Other Income at Rs. 459 Lacs (Rs. 506 Lacs)*. (*Figures in brackets indicate previous year).

4.0 CONSOLIDATION OF MANUFACTURING OPERATIONS

The Company has decided to suspend its

manufacturing activities for certain product lines at Chennai and has partially relocated its manufacturing activities from Chennai to Silvassa & Raipur Plants, on account of economies of scale, by optimizing the available resources, which will help the Company enhance operational efficiencies. The employees at Chennai Plant are also being relocated to Silvassa & Raipur Plants. The Company doesn't anticipate any disruption in supply of its products due to this relocation / consolidation of operations, as the Company has adequate production capacities for consumables at Raipur & Silvassa.

5.0 CAPEX

The Company completed CAPEX of Rs. 933 Lacs and CAPEX of Rs.160 Lacs is in various stages of progress. The entire CAPEX programme of FY 2014-15 shall be completed by the end of June 2015. For FY 2015-16, the CAPEX has been budgeted at Rs.1,250 Lacs, mainly for –

- (a) Automation at Consumables and Equipment Plants.
- (b) Production Equipments to balance lines for achieving capacity levels.
- (c) Production related Equipment to improve "in process quality and deviation control" towards six-sigma levels.
- (d) Analytical Instruments for R&D.

6.0 SUBSIDIARY COMPANIES

6.1 Ador Welding Academy Pvt. Ltd. (AWAPL)

AWAPL, a Wholly Owned Subsidiary of the Company, focuses on creating a pool of skilled welding technicians who will serve the cross-section of infrastructure building-related industries. AWAPL registered a total revenue of Rs. 131 Lacs (Rs. 77 Lacs)*, with net loss of Rs. 53 Lacs (Rs. 66 Lacs)*

(*Figures in brackets indicate previous year).

6.2 Plasma Laser Technologies Ltd. (PLT)

During FY 2013-14, the Company had recognised diminution in the value of its investment in PLT and had fully provided for the same in the financial accounts. In the current year 2014 -15, a Petition for liquidation of PLT was filed by the employees

of PLT with the District Court sitting in Nazareth, Israel. In view of this & orders of District Court of Nazareth, the authority to operate & manage PLT now vests with the Court. The due process of law for liquidation is in progress. Your Company does not foresee any further liability to devolve on the Company.

CORPORATE SOCIAL RESPONSIBILITY (CSR) POLICY

(as approved by the Board of Director on 20th May, 2014)

Philosophy on CSR:

At Ador Welding Limited (AWL), fulfilling the Corporate Social Responsibility (CSR) primarily means to personify our statement of corporate Group vision, i.e. “to foster business excellence, high ethical & social practices and create pride for all stakeholders in ADOR family”.

At AWL, we believe in the ethos of Triple-Bottom-Line Approach to achieve a balance of economic, environmental and social imperatives. We ardently endeavour to make CSR a cornerstone of our corporate culture and thereby contribute to the social & economic development of the community, in which we operate.

In pursuit of our commitment to comprehensive growth, we venture to have in place a framework to integrate social, environmental, humanitarian concerns into our core business strategy, in the best interest of all our stakeholders.

Focus Areas of CSR:

Arising from this, the key focus areas that echo AWL’s CSR policy, are the following and AWL’s CSR programs will cover all or any of these focus areas:

- Eradicating hunger, poverty and malnutrition, promoting preventive healthcare & sanitation, making available safe drinking water;
- Promoting education; including special education and employment enhancing vocational skills especially among children, women, elderly and the differently abled and livelihood enhancement projects;
- Promoting gender equality, empowering women, setting up homes and hostels for women and orphans, setting up old age homes, day care centres and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups;
- Ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare, agro forestry, conservation of natural resources and maintaining quality of soil, air & water ;
- Taking up Rural development projects;
- Contributing to development & improvement in quality of life of the workforce and their families as well as of the society at large.
- Conservation of energy, including projects related to renewable sources of energy.

Organisational Mechanism for CSR:

The Board of Directors shall form a CSR Committee pursuant to the provisions of Section 135 of the Companies Act 2013, and will lay down the guidelines / key focus areas for the CSR activities every year.

The CSR committee will be in charge for:

- developing the CSR annual strategy, based on the guidelines set by the Companies Act 2013 & Rules framed there under.
- preparing annual plan for the CSR activities, project development, project approval, etc.
- deciding on the modalities of execution of programs
- contracting, budgeting & payments
- monitoring the execution mechanism for CSR projects;
- Periodic reporting and communication to the Board.

The CSR Committee will ensure the following:

- appropriate organizational structure to effectively identify, monitor & manage CSR issues and performance relevant to our businesses.
- all kinds of income accrued to AWL by way of CSR activities, if any, to be credited back to CSR corpus.

Implementation Mechanism of CSR:

CSR activities will be implemented either directly on its own by the Company or through a non-profit organisation, which is into CSR activities.

AWL can also enter into Collaborative partnerships with the Government, NGOs, independently registered non-profit organisations, or with, other like-minded stakeholders, so as to widen the Company’s reach and leverage upon the collective expertise & experience, these partnerships will bring on pooling their resources for CSR activities.

Management Commitment to CSR:

All Adorians will adopt the essence of CSR considerations illustrated in this policy into their day-to-day work activities and will act as role models.

AWL believes that in doing so, we will add significant value for our society.

Composition of the CSR Committee:

Three or more directors, of which at least one director shall be an Independent Director.

No sitting fees will be paid to the members of CSR Committee.

Functions of the CSR Committee:

- a) To formulate and recommend to the Board, a CSR POLICY indicating the activities to be undertaken by the Company;
- b) Recommend the amount to be spent on these activities; and
- c) Monitor the Company’s CSR policy periodically.
- d) Preference to be given to the local area and areas around the Company operates, for CSR spending.

ANNEXURE III – TO THE DIRECTORS' REPORT

Disclosure of Particulars with respect to Conservation of Energy, Technology Absorption and Foreign Exchange Earnings & Outgo as required under Section 134 (3)(m) of the Companies Act, 2013, read with the Companies (Accounts) Rules, 2014.

A. Conservation of Energy

1. Converted DC Panel of motor to AC Panel, which saved energy by about 35%.
2. Replaced MH lights with LED lights.
3. Replaced 2.00 HP motor in place of the 5.00 HP motor in EP 10 Machine (Main Belt Conveyor).
4. Stabilizer Voltage supply provided to SAW Flux HTK drive to avoid tripping and high voltage protection.
5. Provided stabilizer to Online Vacuum Packing Machine to avoid high voltage tripping.
6. Introduced "Water Pump on demand" feature in Welding machines with water cooling unit, which saves electricity while machine is running under idle condition and also increases the life of Water Pump Motor.

All the Plants of the Company have been certified by DNV for EMS 14000 Standards Compliance. All the Plants of the Company also adhere to the guidelines of the respective state PCBs & CPCB.

B. Technology Absorption

The Company has 2 (two) Technology Development Centres (TDCs), (1) one each for Consumables and Equipment, both located at Chinchwad, Pune in Maharashtra. These TDCs were relocated from Silvassa & Pimpri to Chinchwad during FY 2014-15. These TDCs continue to pursue their goals, with renewed vigour, in terms of innovations, upgradations, improvements and cost reductions. These TDCs regularly interact with the market / users for improving the competitive features and performance of the Company's products. Some of the significant technology absorption / innovations are listed hereunder:

1. Designed and developed DSP (Digital Signal Processor) based "Adaptive Control Logic" for Constant Current type of wire feeding control in Submerged Arc Welding (SAW).
"Adaptive Control Logic" is an innovative way to achieve the accurate control of the constant arc voltage, with constant current type of SAW power source.
2. Developed the "logarithmic reference scale" using digital logic for MIG machines to avoid scale cramping & to facilitate effortless welding parameter setting. This has replaced the Imported Logarithmic Potentiometer by locally available Linear Potentiometer.
3. Developed the wireless data logger system for seamless monitoring of welding data through wireless communication link, as a productivity and quality control tool as well as automatic tracking of job as per WPS. This is an innovation to monitor the welding performance of many machines simultaneously through Radio Frequency (RF) based wireless communication.
4. Innovated the protection for Single Phase Machine (working on 240V AC supply voltage) against 415V AC input without increasing the voltage rating of components to withstand 415V AC.
5. Developed the controllers and energy efficient inverter based AC/DC Pulse TIG welding machine for TIG welding process on Aluminium and other metals.
6. Improved Arc striking strength by implementation of High Frequency, High Voltage Arc striking with innovative design in TIG machines.

7. Developed a special grade of high purity low alloy steel wire, used in Submerged Arc Welding & Manual Metal Arc Welding for nuclear application. (Indigenization)
8. Substituted the imported grade wire with indigenized wire in many of SMAW products. (Import Substitution)
9. Developed the low alloy steel solid wires & FCAW wires to cater various sectors, such as Railways, Power sector, Oil & Gas sector
10. Summary of expenditure on R & D

- Quality of inputs (contribution) in the Meetings
- Contribution towards development of Strategy
- Contribution towards Risk Management
- Efforts taken towards acquiring knowledge about the Company and the business
- Concern towards the holistic development of the Company - short term as well as long term.

The evaluation process takes place through self evaluation of Directors and evaluation by the peers.

Remuneration Policy for Directors:

Pursuant to the requirements of the Companies Act 2013 and Clause 49 of the Listing Agreement, the Board has, on the recommendation of the Nomination & Remuneration Committee, framed a Remuneration Policy for its Directors, considering the following, amongst other things:

1. Remuneration to the Executive Directors:

The remuneration of the Whole-time / Executive Director(s) is decided by the Nomination & Remuneration Committee, based on the criteria such as industry benchmarks, the Company's performance vis-à-vis the Industry performance / track record of the Whole-time / Executive Director(s) and the same is recommended to the Board of Directors. The Company pays remuneration by way of salary, perquisites & allowances (fixed component) and Bonus / Performance Incentive & Commission (variable component) upto a maximum of 1% of the net profits of the Company, specifically computed for this purpose, as per the provisions of the Companies Act, 2013 to all / each of its Whole-time / Executive Directors such that the total remuneration (including commission/ bonus), as decided by the Board of Directors in its absolute discretion, does not exceed the limits prescribed under Section 197 of the Companies Act, 2013. Bonus / Performance Incentive and Commission is payable to the Managing Director, subject to the achievement of performance criteria / parameters laid down by the Executive Chairman / Board of Directors from time to time.

Annual increments are recommended by the Nomination & Remuneration Committee within the salary scale. The terms of remuneration are approved by the Shareholders at the Annual General Meeting and are effective as per their individual Agreements.

2. Remuneration to the Non-executive Directors:

The Non-executive Directors are paid a commission upto a maximum of 1% of the net profits of the Company proportionately, specifically computed for this purpose, as per the provisions of the Companies Act, 2013 and as approved by the Shareholders. The Non-executive Directors are also paid sitting fees of Rs. 10,000/- for attending every Meeting of the Board of Directors, Rs. 8,000/- for attending every Meeting of the Audit Committee, Rs. 5,000/- for attending every Meeting of the Stakeholders Relationship Committee and Rs. 5,000/- for attending every Meeting of the Nomination & Remuneration Committee. No sitting fees are paid for attending the Meetings of the CSR Committee & the Independent Directors Meeting.

Criteria for payment to Non-executive Directors:

Under Clause 49 of the Listing Agreement, every Company is required to publish its criteria for payment to Non-executive Directors in its Annual Report or alternatively, its policy also can be uploaded on the Company's website. ANNEXURE V - TO THE DIRECTORS' REPORT

MANAGEMENT DISCUSSION & ANALYSIS REPORT

1. INDUSTRY STRUCTURE & DEVELOPMENT

Though inherently highly fragmented, the previous year's recessionary trend seems to be a phase of the past, and a stable Central Government with a positive focus towards industrial growth, economic measures and steps taken towards actively encouraging investors, both foreign and domestic, seem to encourage the emergence of India as an Industry Giant in the near future. With focus of the government on "Make in India", the manufacturing sector will get desired boost leading to a robust and sustainable GDP growth in the years to come.

In the consumables manufacturing space, few MNCs have done certain local acquisitions to get a footprint in India. Also, local players are trying to go up in the value chain, both in the product & distribution front. The Equipment business is moving towards low cost Chinese products, posing competition to both, local & some key global players. At the same time, many Global European as well as US based manufacturers have set up manufacturing units in India, as a parallel resource to their Chinese manufacturing units, for low cost, rugged Equipments, customized for the Indian Market. The availability of low cost highly skilled manpower and engineering resources has also encouraged this trend. In the coming days, our focus on indigenized R&D should pay dividends. At this juncture, for the high - end Inverter machines, we shall be the main local source to cater the local market needs. Economic improvement will encourage the market to switch to Automation in a big way, both for Welding & Cutting equipments, and thereby calls for preparedness from local suppliers.

2. OPPORTUNITIES & THREATS

Our Nationwide Sales & Service network, Nationwide Distribution channels, backed by a large manufacturing footprint and capacity, coupled with the fact that ours is one of the most desirable brands in the Industry, will help us grow consistently & more importantly, be ready to meet the demand in an economic upswing in any Geographic / Industry Segment in the shortest possible time. Our focus in Product R&D, investments in development of products for newer

applications, with fastest time to market, and our preparedness in Process R&D to offer solution to all Market Segments, like Transport, Energy, Process, Infra, Shipbuilding, makes us the preferred choice for our customers. Liquidity is a key problem facing many customers & dealers, thus creating a severe dent in our existing market. However, we are mitigating the risk by appointing new dealers in potential areas. Project activity is starting up once again with encouraging trends in FY 2015-16.

3. RISK & CONCERN

Import from low cost countries is a major threat on the overall price realization. Excess supply position by the existing manufacturers over the market demand is causing price dilution. Liquidity crunch in the market reduces the number of customers & distributors (based on credit worthiness), thus reduces the size of the existing market. Burdened by sluggish growth, the market may not have the ability to generate expected / desired returns on all new products. Global recession can fuel dumping by some countries. However, development of new high value, niche application products by AWL, to replace the imported products from developed countries will enable us overcome the risk. In addition, critically planned and aggressive steps taken by AWL in indigenization of critical components and sub-assemblies, which were hitherto imported, have helped to reduce dependency on the foreign suppliers and at the same time have brought down the material costs due to completely indigenous sourcing / in-house manufacturing of these parts.

4. INCOME STATEMENT ANALYSIS

The total operating revenues for the year ended 31st March, 2015 reported a growth of 4.32%. The Consumables business for the year was at Rs. 27,181 Lacs, registering a marginal reduction of over 1% compared to the previous year (PY). The Equipment & Project Engineering business was at Rs.11,313 Lacs, registering a growth of over 21% compared to the previous year (PY).

Other income earned was at Rs. 459 Lacs (PY Rs. 506 Lacs), which was mainly accrued from prudent Treasury and Forex operations. The Expenditure to Sales Ratio increased to 95% as compared to 92% in the previous year. The sales

product mix grew more in favour of solid wires, which conventionally have lower margins. We are continuously working towards improving the product mix through high-value electrodes and wires in the Oil & Gas, Power & Nuclear sectors and have obtained specific approvals as well as initial orders in FY 2014-15. Major thrust will also be given to the Project Engineering business to improve the margins. Strategic sourcing of raw materials is another area of focus that we have provided to adequately face challenges of this nature.

The Manufacturing expenses to Materials ratio has decreased to 8.58% (PY 9%) on account of effective control of fuel consumption, Spares & Stores, etc. Also, various initiatives taken at Plants like Lean Manufacturing, Line Balancing, etc. helped us trim down the expenses. Effective control measures are being continuously explored to optimise the manufacturing expenses-to-sales ratio.

The effective tax rate for the year has increased from 33% to 34%, mainly on account of one time Short Term Capital Gains on sale of property. The EBITDA was lower at Rs. 3,373 Lacs (PY Rs. 4,175 Lacs), on account of increase in input material cost in the current year by 1.5% over previous year and change in policy of last year relating to compensated absence, resulted in lower employee cost.

5. BALANCE SHEET ANALYSIS

The Company funded all its operating expenses and capital investments from its internal accruals. However, investments in Mutual Funds decreased by Rs. 730 Lacs (PY decrease was Rs.1,287 Lacs) as a result of deployment of these funds in repayment of Bank Guarantees issued on behalf of the subsidiary.

The inventory holding period decreased to 41 days in the current year, as against 49 days in the previous year. This was due to better finished goods and raw material management. Debtors were at 79 days as at 31st March, 2015, which were at 77 days as at 31st March, 2014. Creditors were at 63 days, as against 77 days in the last year.

6. OUTLOOK

The Indian economy depicts a forecast to grow @ 7.5% with new base in FY 2015-16 as per IMF, and projected to overtake China as one of the growing major economies. It is expected that India's economic growth will be at much better rate of 8 – 8.5% in the current fiscal year. If the current year's growth plans unfold the way it is forecasted, India

will achieve its fastest growth in five years since FY 2010-11. The smart economic pick-up is said to be largely on the back of the robust manufacturing sector performance and a surge in public expenditure.

In these conditions, our market share strategy will be pursued aggressively for continuing our growth plan. New products developed for new applications, will enable our customers to reduce their operating costs, and will help us grow business. Our new range of products, like CNC machines, Stainless Steel & MSGP electrodes for the Bottom of the Pyramid segment, special electrodes for Power, Process plants, Oil & Gas, Shipbuilding will help us grow our market share. Our offering of total automation solution, especially for auto components shall open a new market opportunity for us. Our investment in R&D & technical support should enable us grow as a true total solution provider for our Customers, rather than a mere hardware supplier, which will act as a key strategic differentiator.

7. INTERNAL CONTROL SYSTEM & ITS ADEQUACY

The Company strongly believes that effective internal controls are inherent to the principle of good corporate governance and operational freedom of conducting business should be exercised within the framework of appropriate checks & restraints.

The Company has, therefore, evolved a system of internal control comprising of authority, level & power, supervision, checks & balances, planning & procedures. The system is reviewed and updated on an on-going basis. The system covers the following aspects of business processes and reporting:

- Financial propriety of business transactions.
- Accurate reporting of the financial transactions, as per the applicable Accounting Standards.
- Efficient use and protection of resources of the Company.
- Compliance with the established Company policies, guidelines and statutes.

The Company has in place a well defined Internal Audit System. The scope of the audit is approved by the Audit Committee. The audit plan is focused on the following objectives:

- All operational and related activities are performed efficiently & effectively.
- Review of all Management Risks.
- Significant legislative and regulatory provisions impacting the organization are recognized and addressed appropriately by ensuring that all the relevant / applicable statutory compliances are complied with.
- Areas identified during audit for improving management control, process efficiency, etc. are communicated and acted upon.

The Audit Committee consists of Independent Directors, who review the Internal Audit Reports and offer necessary guidance with respect to their adequacy & scope.

The Company has a sound ERP system. The strengthening of our ERP system has made our Financial and Accounting Management Systems more robust. Further, the Company, in the current year, has also implemented Business Intelligence (BI) software, fully integrated with the ERP system. This has helped in analyzing and taking faster decisions. The Company is also in the process of implementing CRM software. The CRM will help the Company to identify its target customers, optimize sales management, improve Company relationships with customers through personalization, identify customer needs, offer solutions and analyze distribution patterns for faster reach to the customers.

The Company has a very good compliance track record with all the Legal and Statutory authorities in the Country, and there is a regular audit mechanism to ensure that the Company does not violate any of the Legal or Statutory provisions applicable to the Company.

8. MATERIAL DEVELOPMENTS IN HUMAN RESOURCE

The Company recognizes the importance of its human capital as the most competitive resource available to the organization today. The key focus of the HR Department is to attract, retain and develop employees from diverse backgrounds & varied capabilities and to inculcate in them a sense of responsibility & urgency to achieve the set goals which are in line with the organization's Business Objectives. In the present knowledge era, which is synonymous with change and unpredictability, it is the constant endeavour of your Company to keep the employees motivated and build a feeling of ownership towards the

organization; thereby differentiating us from the competitors. The employee strength as of 31st March 2015 stood at 677.

The HR department is aimed to achieve two important objectives: (1) Ensuring support towards improving Business and (2) Making AWL as one of the Best Places to Work. We believe that our employees are our Assets and the Key to the Company's Success. We strive to attract and retain them through various HR policies, learning & development programs, employee engagement, reward & recognition and employer branding initiatives.

We offer our employees a bouquet of learning opportunities, which cater to their interests & ambitions ranging from in-house training programs to customised programs by external experts and career development opportunities. Several development initiatives were conducted to train the leadership team, managers and junior employees. Executive Coaching, Project Management, High Performance Manager and Marketing Champions are a few of the initiatives that took place apart from the regularly conducted on-the-job and other technical trainings.

We also believe that the only way we can excel is by empowering our employees and enabling a work environment conducive to innovation. We also provide forums for employees to voice their opinion with initiatives such as "Town Hall" and "Talk to your MD", etc.

Through our various employee friendly initiatives like Talent Management and other Best-in-Class practices, we look forward to be amongst one of the desirable Employers to work for.

INDEPENDENT AUDITOR'S REPORT

To the Members of Ador Welding Limited

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Ador Welding Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the Audit Report.

5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by 'the Companies (Auditor's Report) Order, 2015', issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the Directors as on March 31, 2015 and taken on record by the Board of Directors, none of the Directors are

disqualified as on March 31, 2015 from being appointed as a Director in terms of Section 164(2) of the Act.

- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations as at March 31, 2015 on its financial position in its standalone financial statements – Refer Note 32.
 - ii. The Company has long-term contracts including derivative contracts as at March 31, 2015 for which there were no material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2015.

ANNEXURE TO INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 9 of the Independent Auditor's Report of even date to the Members of Ador Welding Limited on the financial statements as of and for the year ended March 31, 2015

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- ii. (a) The inventory has been physically verified by the Management during the year. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a) and (iii)(b) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system to commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder to the extent notified.
- vi. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the Rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of Employees' State Insurance and professional tax, though there has been a slight delay in a few cases, undisputed statutory dues of income tax have not been regularly deposited with the appropriate authorities and there have been serious delays, and the Company is regular in depositing undisputed statutory dues, including provident fund, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income-tax, wealth-tax, duty of customs, cess which have not been deposited on account of any dispute. The particulars of dues of sales tax, duty of excise, value added tax as at March 31, 2015 which have not been deposited on account of a dispute, are as follows:

Name of the Statute	Nature of Dues	Amount (Rs. in Lacs)	Period to which the amount relates (Financial Year)	Forum where the dispute is pending

		1.22	2006-2007	Till Commissioner Level
Central Sales Tax Act and Local Sales Tax Acts of various States	Additional liability arising due to differential duty, disallowance of input tax credit (including penalty / interest, if any)	8.86	1987-1988, 1992-1993	High Court
		246.84	2003-2004, 2004-2005, 2005-2006, 2011-2012 and 2012-2013	Till Commissioner Level
Total		368.38		

(c) The amount required to be transferred to Investor Education and Protection Fund has been transferred within the stipulated time in accordance with the provisions of the Companies Act, 1956 and the Rules made thereunder.

viii. The Company has no accumulated losses as at the end of the financial year and it has not incurred any cash losses in the financial year ended on that date or in the immediately preceding financial year.

- ix. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders as at the Balance Sheet date.
- x. In our opinion, and according to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions during the year. Accordingly, the provisions of Clause 3(x) of the Order are not applicable to the Company.
- xi. The Company has not raised any term loans. Accordingly, the provisions of Clause 3(xi) of the Order are not applicable to the Company.
- xii. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud on or by the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2015

Note 1- Background of the Company

Incorporated in 1951, Ador Welding Ltd. (AWL) is one of India's leading player in the field of Welding Products, Technologies and Services. The Company is also engaged in providing customized solutions for multi-disciplinary projects and contracts related to Refineries, Oil & Gas, Petrochemicals, Fertilizers, Steel Plants, Pharma, Water, other chemical process industries, etc.

Note 2- Statements of Significant Accounting Policies and Practices

Basis of preparation of financial statements:-

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by the Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) (Companies (Accounting Standards) Rules, 2006, as amended) and other relevant provisions of the Companies Act, 2013.

All the assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current, non-current classification of assets and liabilities.

Use of Estimates:-

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognized in the period in which the results are known.

Recognition of Income and Expenditure:-

1. Sale of goods is recognized on transfer of significant risks and rewards of ownership to the buyer, which is generally on the dispatch of goods by the Company and are recognised net of trade discounts, sales taxes and excise duties.
2. Service income is recognised on transfer of significant risks and rewards of ownership to the buyer and is accounted based on terms of contract entered into with the respective parties.
3. Benefit on account of entitlement to import duty - free materials under Duty Entitlement Passbook Scheme (DEPB) or Duty Drawback are accounted in the year of export as Export Incentives.
4. Other Revenue / Income and Cost / Expenditure are generally accounted on accrual basis as they are earned or incurred.
5. Sale of Services: In contract involving rendering of services, revenue is recognized using the proportionate completion method in line with agreements / arrangements with concerned parties and is net of service tax.

6. Revenue from contracts: Revenue from fixed price contracts is recognized using the percentage of completion method. Percentage of completion is determined as a proportion of the cost incurred up to the reporting date of the total estimated contract costs. Proportionate completion is measured based upon the efforts incurred to date, in relation to the total estimated efforts to complete the contract. The Company monitors estimates of total contract revenue and costs on a regular basis throughout the delivery period. The cumulative impact of any change in estimates of the contract value or cost is reflected in the period in which the changes become known. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss.
7. Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Fixed Assets:-

1. Tangible Assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any.
2. Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.
3. Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the financial statements. Any expected loss is recognised immediately in the Statement of Profit & Loss.
4. Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets, which are carried at cost are recognised in the Statement of Profit & Loss.
5. Depreciation is provided on a pro-rata basis on the straight-line method based on useful life as estimated by the Management and aligned to Schedule II to the Companies Act, 2013 in order to reflect the actual usage of assets. Depreciation on assets acquired under Finance lease is spread over the lease period or useful life, whichever is shorter.
6. Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.
7. Software and implementation costs including users license fees of the Enterprise Resource Planning (ERP) system and other application software costs are amortised over a period of three years.

Change in accounting policy:-

8. The Company has revised its policy of providing depreciation on fixed assets effective 01st April, 2014. The depreciation is now provided on Straight Line Method (SLM) based on useful life as estimated by the Management and aligned to Schedule II to the Companies Act, 2013, as against Written Down Value (WDV) method followed earlier. As a result of this change, the effect relating to the period prior to 01st April, 2014, is a net credit of Rs.2,604 lacs (excluding deferred tax) which has been shown as an 'Exceptional Item' in the financial result for the year ended 31st March, 2015. Further, based on the transitional provision of Schedule II to the Companies Act, 2013, an amount of Rs.108 lacs (net of deferred tax) has been adjusted to retained earnings. Had the Company continued with the depreciation under the old WDV method, the depreciation for the year would have been lower by Rs.12 lacs.

Impairment of Assets:-

Assessment is done at each balance sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows

from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

Leases:-

As a lessee:

Leases in which a significant portion of the risks and rewards of ownership are retained by the Lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit & Loss on a straight-line basis over the period of the lease.

The Company leases certain tangible assets and such leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased asset and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance charge and the reduction of the outstanding liability. The outstanding liability is included in other short / long-term borrowings. The finance charge is charged to the Statement of Profit & Loss over the lease period, so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

As a Lessor:

The Company has leased certain tangible assets and such leases where the Company has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit & Loss on a straight line basis over the lease term, which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement of Profit & Loss in the period in which they are incurred.

Investments:-

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

Inventories:-

Inventories are stated at lower of cost and net realisable value. Cost is determined using the 'average cost' method. The cost of finished goods and work-in-progress comprises raw materials, packing materials, direct labour, other direct costs and related production overheads. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Foreign Currency Translation:-

Initial Recognition: On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition: As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

All monetary assets and liabilities in foreign currency are restated at the end of the accounting period.

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit & Loss.

Translation of foreign operations:-

Foreign operations are classified as either 'integral' or 'non-integral' operation. Exchange differences arising on a monetary item that, in substance, forms part of an enterprise's net investment in a non-integral foreign operation are accumulated in the Foreign Currency Translation Reserve until the disposal of the net investment, at which time they are recognised as income or as expense. The financial statements of an integral foreign operation are translated using the principles and procedures as if the transactions of the foreign operation are those of the Company itself.

Forward Exchange Contracts:-

The premium or discount arising at the inception of forward exchange contracts entered into to hedge an existing asset / liability, is amortised as expense or income over the life of the contract. Exchange differences on such a contract are recognised in the Statement of Profit & Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense for the period.

Forward exchange contracts outstanding as at the year end on account of firm commitment / highly probable forecast transactions are marked to market and the losses, if any, are recognised in the Statement of Profit & Loss and gains are ignored in accordance with the Announcement of Institute of Chartered Accountants of India on 'Accounting for Derivatives' issued in March 2008.

Research and Development:-

1. Revenue expenditure on Research & Development (including overheads) are charged out as expense through the natural heads of account, in the year in which they are incurred.
2. Expenditure of a capital nature on Research & Development is debited to Fixed Assets and depreciation is provided on such assets as are depreciable.

Employee Benefits:-

Provident Fund: Contribution towards Provident Fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

In respect of certain employees, Provident Fund contributions are made to Ador Welding Employees Provident Fund Trust administered by the Company. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of the year. Actuarial losses / gains are recognised in the Statement of Profit & Loss in the year in which they arise.

The contributions made to the trust are recognised as plan assets. The defined benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of plan assets.

Superannuation Fund: Contribution towards Superannuation Fund for certain employees is made to the Ador Welding Employees Superannuation Fund Trust administered by the Company. The benefit is classified as Defined Contribution scheme, as the Company does not carry any further obligation, apart from the contribution made on a monthly basis, which is charged to Statement of Profit & Loss.

Employees State Insurance Scheme: The Company makes contribution to state plans namely Employees State Insurance Scheme and has no further obligation beyond making the payment to them.

Gratuity: The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences, as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses / gains are recognised in the Statement of Profit & Loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit & Loss as and when incurred.

Current and deferred tax:-

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognized, only if there is a virtual certainty of its realization, supported by convincing evidence. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the Company reassesses unrecognised deferred tax assets, if any.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Borrowing Costs:-

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially

ready for their intended use or sale. All other borrowing costs are recognised in the Statement of Profit & Loss in the period in which they are incurred.

Provisions and Contingent Liabilities:-

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Provision for Warranty:-

Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacement, material cost, servicing on the basis of the past experience of the Company. It is expected that this expenditure will be incurred over the contractual warranty period.

Segment Reporting:-

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted by the Company. Further, inter-segment revenue has been accounted for, based on the transaction price agreed to between segments, which is primarily market based. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Company, as a whole, and are not allocable to segments on a reasonable basis, have been included under 'Unallocated corporate expenses / income'.

Cash and Cash Equivalents:-

In the Cash Flow Statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

Earnings per Share:-

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential Equity shares.

Notes:

1. Related Party relationship is as identified by the Company and relied upon by the Auditors.
2. The Company has issued Standby Letter of Credit to Bank Hapoalim Limited and HDFC Bank Limited - Hongkong for Rs. Nil (Previous year Rs. 1,127 lacs) towards security for loan taken by M/s. Plasma Laser Technologies Limited.
3. The Company has shared facility limits offered by HDFC Bank Limited to the extent of Rs. 100 lacs by ear marking working capital funds in favour of Ador Welding Academy Private Limited.
4. Considering the downturn of the operation, the Employees of Plasma Laser Technologies Ltd. (PLT), had approached Israel Court in FY 2014-15 for the purpose of liquidation and considering the same, Israel Court has appointed the Official Liquidator to evaluate various options, including revival or liquidation. Hence, the management believes that the Company has lost its control on the affairs and assets of such subsidiary, as the same is now vested with such Official Liquidator appointed by Israel Court. Further, the Management believes that there are no claims expected on the Company on account of PLT.

INDEPENDENT AUDITOR'S REPORT

To the Members of Ador Welding Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Ador Welding Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") (refer Note 1 to the attached consolidated financial statements), comprising of the consolidated Balance Sheet as at March 31, 2015, the consolidated Statement of Profit and Loss, the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of Consolidated Financial Statements. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and jointly controlled entities respectively and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act and the Rules made thereunder including the Accounting Standards and matters which are required to be included in the Audit Report.
4. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting

estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in subparagraph 9 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2015, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

8. We draw your attention to Note '1B' to the consolidated financial statements regarding non-inclusion of Plasma Laser Technologies Limited, a subsidiary of the Company and its step down subsidiaries respectively, in the preparation of the consolidated financial statements as the said subsidiary and its subsidiaries are under liquidation for which an official liquidator has been appointed by the Israel Court, resulting in the Company's loss of control over the affairs of these subsidiaries. Our opinion is not qualified in respect of this matter.

Other Matters

9. We did not audit the financial statements of one subsidiary whose financial statements reflect total assets of Rs.170 Lacs and net liabilities of Rs.141 Lacs as at March 31, 2015, total revenue of Rs. 131 Lacs, net loss of Rs. 50 Lacs and net cash outflows amounting to Rs. 2 Lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid

subsidiary, is based solely on the reports of the other auditors.

10. The consolidated financial statements of the Company as at March 31, 2015 and for the year then ended were audited by another firm of chartered accountants who, vide their report dated April 27, 2015, expressed an unmodified opinion on those financial statements.

Report on Other Legal and Regulatory Requirements

11. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditors' reports of the Holding Company and subsidiary company (Refer Note 1 to the consolidated financial statements), we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
12. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account, as required by law maintained by the Holding Company, its subsidiary included in the Group including relevant records relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and records of the Holding Company and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained by the Holding Company, its subsidiaries included in the Group including relevant records relating to the preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2015 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company, none of the directors of the Group companies is disqualified as on March 31, 2015 from being appointed as a Director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact, if any, of pending litigations as at March 31, 2015 on the consolidated financial position of the Group – Refer Note 33 to the consolidated financial statements.
 - ii. The Group had long-term contracts including derivative contracts as at March 31, 2015 for which there were no material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary company during the year ended March 31, 2015.

ANNEXURE TO INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 11 of the Independent Auditor's Report of even date to the Members of Ador Welding Limited on the consolidated financial statements as of and for the year ended March 31, 2015

- i. (a) The Holding Company and its subsidiary are maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the respective Managements of the Holding Company and its subsidiary, according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the aforesaid Holding Company and its subsidiary and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the respective Managements of the aforesaid Holding Company and its subsidiary during the year and no material discrepancies have been noticed on such verification.
- ii. (a) The inventory has been physically verified by the respective Managements of the Holding Company and its subsidiary during the year. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of physical verification of inventory followed by the respective Managements of the Holding Company and its subsidiary are reasonable and adequate in relation to the size of the aforesaid Holding Company, its subsidiary and the nature of its respective businesses.
- (c) On the basis of our examination of the inventory records and the reports of the other auditors, in our opinion, the Holding Company and its subsidiary are maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory of the aforesaid Holding Company, its subsidiary as compared to the respective book records were not material.
- iii. The Holding Company and its subsidiary have not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a) and (iii)(b) of the said Order are not applicable to the aforesaid Holding Company and its subsidiary.
- iv. In our opinion and according to the information and explanations given to us, there is an adequate internal control system, commensurate with the size of the Holding Company, its subsidiary, and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the aforesaid Holding Company and the reports of the other auditors on the subsidiary, as furnished to us, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.
- v. The Holding Company and its subsidiary have not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed thereunder, to the extent notified.
- vi. We have broadly reviewed the books of account maintained by the Holding Company in respect of products where, pursuant to the Rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete. Further, the Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the subsidiary company.
- vii. (a) In our opinion, and according to the information and explanations given to us and the records of the Holding Company examined by us, and based on the reports of the other auditors of the Holding Company's subsidiary, the aforesaid Holding Company and its subsidiary are generally regular in depositing undisputed statutory dues in respect of Employees' State Insurance and professional tax, though there has been a slight delay in a few cases, undisputed statutory dues of income tax have not been regularly deposited with the appropriate authorities

and there have been serious delays, and the Company is regular in depositing undisputed statutory dues, including provident fund, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities.

- (b) According to the information and explanations given to us and the records of the Holding Company examined by us, and based on the reports of the other auditors of the Holding Company's subsidiary there are no dues of income-tax, wealth-tax, duty of customs, cess which have not been deposited on account of any dispute. The particulars of dues of sales tax, duty of excise, value added tax as at March 31, 2015 which have not been deposited on account of dispute, are as follows:

Name of the Statute	Nature of Dues	Amount (Rs. in Lacs)	Period to which the amount relates (Financial Year)	Forum where the dispute is pending
The Central Excise Act, 1944	Additional liability arising due to difference in assessable value, disallowance of CENVAT credit (including penalty / interest, if any)	111.46	January 1997 to October 2003, 1998-1999, 2001-2002 and 2008-2009	Customs, Excise and Service Tax Appellate Tribunal
		1.22	2006-2007	Till Commissioner Level
Central Sales Tax Act and Local Sales Tax Acts of various States	Additional liability arising due to differential duty, disallowance of input tax credit (including penalty / interest, if any)	8.86	1987-1988, 1992-1993	High Court
		246.84	2003-2004, 2004-2005, 2005-2006, 2011-2012 and 2012-2013	Till Commissioner Level
Total		368.38		

- (c) The amount required to be transferred to the Investor Education and Protection Fund by the Holding Company has been transferred within the stipulated time in accordance with the provisions of the Companies Act, 1956 and the Rules made thereunder.

- viii. The Holding Company has no accumulated losses as at the end of the financial year and it has not incurred any cash losses in the financial year ended on that date or in the immediately preceding financial year. As the subsidiary incorporated in India was registered for a period less than five years, the provisions of Clause 3(viii) of the Order are not applicable to the aforesaid subsidiary.
- ix. According to the records of the Holding Company examined by us and based on the reports of the other auditors, and the information and explanation given to us, the Holding Company and its subsidiary have not defaulted in repayment of dues to any financial institution or bank or debenture holders as at the Balance Sheet date. Further, there were no dues payable to debenture holders as at the Balance Sheet date.
- x. In our opinion, and according to the information and explanations given to us, the terms and conditions of the guarantees given by the Holding Company and its subsidiary for loans taken by others from banks or financial institutions during the year are not prejudicial to the interest of the respective aforesaid Holding Company and its subsidiary.
- xi. The Holding Company and its subsidiary have not raised any term loans. Accordingly, the provisions of Clause 3(xi) of the Order are not applicable to the aforesaid Holding Company and its subsidiary.
- xii. During the course of our examination of the books and records of the Holding Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us and based on the reports of the other auditors, we / the other auditors have neither come across any instance of material fraud on or by the Holding Company and its subsidiary, noticed or reported during the year, nor have we been informed of any such case by the respective Managements of the aforesaid Holding Company and its subsidiary.

1. Ador Welding Academy Private Limited	(0.74%)	(150)	(1.60%)	(50)
<i>Foreign*</i>				
1. Plasma Laser Technologies Limited	-	-	-	-
2. Plasma Laser Technologies, North America Inc.	-	-	-	-
3. Aluminium Hybrid Systems Limited	-	-	-	-

* Refer Note 1B

Note 1B- Considering the downturn of the operation, the employees of Plasma Laser Technologies Ltd. (PLT), one of the Company's subsidiary incorporated in Israel, had approached Israel Court for the purpose of liquidation and considering the same, Israel Court has appointed the Official Liquidator to evaluate various options, including revival or liquidation.

Hence, the management believes that the Company has lost its control on the affairs and assets of such subsidiary as the same is now vested with such Official Liquidator appointed by Israel Court and hence, the same has not been considered for the purpose of consolidation. Further, the Management believes that there are no further claims expected on the Company on account of PLT.

Note 2- Statements of Significant Accounting Policies and Practices

Basis of preparation of Financial Statements:-

- The Financial Statements of the Subsidiary used in the consolidation are drawn upto the same reporting date as that of the Parent Company, i.e. year ended 31st March.
- These Financial Statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the Standards of

Accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these Financial Statements have been prepared to comply in all material aspects with the Accounting Standards notified under Section 211(3C) (Companies (Accounting Standards) Rules, 2006, as amended) and other relevant provisions of the Companies Act, 1956.

- (iii) All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule VI to the Companies Act, 1956. Based on the nature of the products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current / non-current classification of assets and liabilities.

Principles of Consolidation:-

The Consolidated Financial Statements relate to Ador Welding Limited ('the Company') and its subsidiary (collectively referred to as 'the Group'). The Consolidated Financial Statements have been prepared using uniform accounting policies and on the following basis:

- (i) The financial statements of the Parent Company and its subsidiary have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits.
- (ii) The excess of the cost to the Parent Company of its investments in each of the subsidiary over its share of equity in the respective subsidiary, on the acquisition date, is recognised in the financial statements as goodwill and assessed for impairment at each reporting date.

Use of Estimates:-

The preparation of financial statements, in conformity with generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the period in which the results are known.

Recognition of Income and Expenditure:-

1. Sale of goods is recognized on transfer of significant risks and rewards of ownership, which is generally on the dispatch of goods by the Company.
2. Benefit on account of entitlement to import duty - free materials under Duty Entitlement Passbook Scheme is accounted in the year of export as Export Incentives.
3. Other Revenue / Income and Cost / Expenditure are generally accounted on accrual, as they are earned or incurred.
4. Sale of Services: In contract involving rendering of services, revenue is recognized when the service is performed in line with agreements / arrangements with concerned parties and is net of service tax.
5. Revenue from contracts: Revenue from fixed price contracts is recognized using the percentage of completion method. Percentage of completion is determined as a proportion of the cost incurred up to the reporting date of the total estimated contract costs. Proportionate completion is measured based upon the efforts incurred to date in relation to the total estimated efforts to complete the contract. The Company monitors estimates of total contract revenue and costs on a regular basis throughout the delivery period. The cumulative impact of any change in estimates of the contract value or cost is reflected in the period in which the changes become known. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss.
6. Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Fixed Assets:-

1. Tangible Assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any.
2. Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.
3. Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the financial statements. Any expected loss is recognised immediately in the Statement of Profit and Loss.
4. Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.
5. Depreciation is provided on a pro-rata basis on the straight-line method based on useful life as estimated by the Management and aligned to Schedule II to the Companies Act, 2013 in order to reflect the actual usage of assets. Depreciation on assets acquired under Finance Lease is spread over the lease period or useful life, whichever is shorter.
6. Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.
7. Software and implementation costs including users' license fees of the Enterprise Resource Planning (ERP) system and other application software costs are amortised over a period of three years.

Change in accounting policy:-

8. The Company has revised its policy of providing depreciation on fixed assets effective 01st April, 2014. The depreciation is now provided on Straight Line Method (SLM) based on useful life as estimated by the Management and aligned to Schedule II to the Companies Act, 2013, as against Written Down Value (WDV) method followed earlier. As a result of this change, the effect relating to the period prior to 01st April, 2014, is a net credit of Rs.2,610 lacs (excluding deferred tax) which has been shown as an 'Exceptional Item' in the financial results for the year ended 31st March, 2015. Further, based on the transitional provision of Schedule II to the Companies Act, 2013, an amount of Rs.108 lacs (net of deferred tax) has been adjusted to retained earnings. Had the Company continued with the depreciation under the old WDV method, the depreciation for the year would have been lower by Rs.2 lacs.

Leases:-

As a Lessee:-

Leases in which a significant portion of the risks and rewards of ownership are retained by the Lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

The Company leases certain tangible assets and such leases where the Company has substantially all the risks and rewards of ownership, are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased asset and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance charge and the reduction of the outstanding liability. The outstanding liability is included in other short / long-term borrowings. The finance charge is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

**As a Lessor:-**

The Company has leased certain tangible assets and such leases where the Company has substantially retained all the risks and rewards of ownership, are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

Impairment of Assets:-

Assessment is done at each balance sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

Investments:-

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

Inventories:-

Inventories are stated at lower of cost and net realisable value. Cost is determined using the average cost method. The cost of finished goods and work-in-progress comprises raw and packing materials, direct labour, other direct costs and related production overheads. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Foreign Currency transactions by Indian Company:-

Initial Recognition: On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition: As at the reporting date, non-monetary items which are carried in terms of historical costs denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

All monetary assets and liabilities in foreign currency are restated at the end of the accounting period.

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

**Translations of Foreign Operation:-**

For the purpose of consolidation, the amounts appearing in foreign currencies in the Financial Statements of the foreign subsidiary are translated at the following rates of exchange:

- (a) Average rates for the incomes and expenditure.
- (b) The year-end rates for the assets and liabilities.

Research and Development:-

1. Revenue expenditure on Research and Development (including overheads) are charged out as expense through the natural heads of account in the year in which they are incurred.
2. Expenditure of a capital nature on Research and Development is debited to Fixed Assets and depreciation is provided on such assets, as are depreciable.

Employee Benefits:-

Provident Fund: Contribution towards provident fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

In respect of certain employees, Provident Fund contributions are made to a Trust administered by the Company. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of the year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

The contributions made to the trust are recognised as plan assets. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation, as reduced by the fair value of plan assets.

Superannuation Fund: Contribution towards superannuation fund for certain employees is made to the Ador Welding Employees Superannuation Fund administered by the Company. The benefit is classified as Defined Contribution scheme as the Company does not carry any further obligation, apart from the contribution made on a monthly basis, which is charged to Statement of Profit and Loss.

Employees State Insurance Scheme: The Company makes contribution to state plans namely Employees State Insurance Scheme and has no further obligation beyond making the payment to them.

Gratuity: The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short-term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid, as a result of the unused entitlement, as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long-term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit & Loss, as and when incurred.

Current and Deferred Tax:-

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognized, only if there is a virtual certainty of its realization, supported by convincing evidence.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Borrowing Costs:-

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

Provisions and Contingent Liabilities:-

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company or a present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Provision for Warranty:-

Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacement, material cost, servicing on the basis of the past experience of the Company. It is expected that this expenditure will be incurred over the contractual warranty period.

Segment Reporting:-

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Further, inter-segment revenue has been accounted for based on the transaction price agreed to between segments, which is primarily market based. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Company as a whole and are not allocable to segments on a reasonable basis, have been included under 'Unallocated corporate expenses / income'.

Cash and Cash Equivalents:-

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

Earnings Per Share:-

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share, is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
